Research Interests

Application of AI/NLP methods to interdisciplinary research questions: e.g., in the humanities: analysis of text modification in historical parallel text, knowledge modeling, transfer-learning techniques

Python, Java (further: Octave, PHP, Neo4j, SQL, some: Bash/AWK)
German (native), English (professional), French (elementary), Russian (reading only)

Grants & Awards

- 2017 **Award at the Digital Humanities Conference, Montréal, Canada**
ADHO Bursary Cash Award (€550) & travel bursary (€300) for 'An Automated Approach to Model the Transformation Process of the Reuse in Bernard de Clairvaux: How Do Lexical Resources help?'. DH 2017.
- 2016 **Grant from the University of Göttingen: TRAIN (Tracing Authorship in Noise, €20,000)**
To study the balance between OCR'd data and automatic authorship. Wrote the proposal collaboratively.

Experience

Academic

- since 10/2021 **Postdoctoral researcher in computational linguistics, Ruhr University Bochum, Germany**
Transfer learning, metaphor recognition & prediction, cross-lingual lexicalization of metaphor
Style evaluation in text generated by LLMs
Teaching in Computational Linguistics and -Humanities
- 2019-2021 **Postdoc in language & speech technology, German Research Center for Artificial Intelligence (DFKI), Berlin, Germany**
(parental leave 11/2019 – 09/2021)
Project 'European Language Grid (ELG)' by the European Commission & Cordis – Horizon2020 (€7 mio.)
Integrated platform for European language resources and tools; member of the research & development team
- 2015-2019 **Research associate and PhD student in natural language processing & digital humanities, University of Göttingen, Germany**
eTRAP Early career research group funded by the Federal Ministry of Education and Research (€1.6 mio)
Historical text re-use analysis & re-use transformation analysis
- 2013-2014 **Research associate in digital humanities, project "Reinventing Humanities Publication", University of Leipzig, Germany**
Early career research group by European Social Fund (€1.2 mio.)
Modeling and development of an Ancient Greek e-learning application (esp. cleansing, API, Graph databases)
- 2011-2013 **Research associate in computer science, University of Leipzig, Germany**
project 'eTRACES – Recherche und Analyse von Zitationsspuren und Wissenstransfer in sozialwissenschaftlichen Texten und deutschsprachiger Literatur'
Research project by Federal Ministry of Education and Research (€1.2 mio.)
Collaboration with the Google Ancient Places¹ team referring named entity enrichment
Annotation environment for work-specific text reuse diversity annotation
- 2011 **Student research assistant, Department of Natural Language Processing, University of Leipzig, Germany**
Non-symmetric citation extraction on Ancient Greek texts

Business

- 2011 **Selfemployed, Leipzig, Germany**
Development and research as a freelancer
- 2007, 2011 **Toxido Web & IT-Lösungen (intern, freelance), Altenbach, Germany**
Web development (PHP, JS, MySQL), development of an SSH-Client (Java), development of a document similarity retrieval service using less frequent seed words (Pearl)
- 2009-2010 **g.Labs GmbH, Leipzig, Germany**
Development of browser games (PHP, SQL, JavaScript, Symphony)

Education

- 2015-2018 **PhD student in computer science, University of Göttingen, Germany**
Historical text reuse analysis and reuse transformation analysis
Thesauri-based and machine learning-based methodologies for reuse style analysis
Passed final exam (defense) on **May 2 2019**, certificate since Oct 2019
- 2008-2011 **Master's student in computer science, University of Leipzig, Germany**
Information recognition and extraction in Ancient Greek texts
NLP, information retrieval & text mining, databases, embedded systems
- 2004-2008 **Candidate for bachelor's degree in computer science, University of Leipzig, Germany**
Content management systems and ontologies – Ontowiki plugin system for DL Learner²
Databases, algorithms, computer networks, software engineering, signal processing, logics, math

Interview Invitations

Feb. 7., 2020 **W1 Professorship in Machine Learning with Tenure Option on W2, University of Passau, Germany**
(declined the interview due to childbed)

Feb 25/26 2020 **Assistant Professorship in Artificial Intelligence with Tenure Option, University of Gothenburg, Sweden**
(top 5 of 63 applicants)

Expert Talks & Presentations Given (w/o Paper Presentations)

Dec. 5, 2017 **Invited Talk, University of Jena, Germany**
Invited Talk at the DH Seminar of the CL Group JULIELab 'Ähnlichkeit in Historischen Texten'

June 1, 2017 **Invited Poster at DATECH Conference, Göttingen, Germany**
Invited Poster Presentation 'Non-Literal Text Reuse in Historical Texts' at DATECH 2017

Feb. 17, 2017 **Invited Talk, University of Groningen, Netherlands**

Invited Talk at the research seminar of the Computational Linguistics Group: 'Non-Literal Text Reuse in Historical Texts: An Approach to Identify Reuse Transformations, its Application and Future Work'

- Oct. 14, 2016 **Invited Talk, University of Hildesheim, Germany**
Invited Talk at the 2nd Göttingen-Hildesheim Workshop on Computational Linguistics and Digital Humanities
'Non-Literal Text Reuse in Historical Texts: An Approach to Identify Reuse Transformations and its Application to Bible Reuse'
- Oct. 20, 2015 **Digital Humanities in Estonia 2015, Tartu, Estonia**
Invited Talk with Marco Büchler: 'eTRAP Overview: An early career research group on historical text reuse – Methodologies & research fields'
- Jun. 30, 2015 **CLARIN-D-Fach-AG Workshop, Leipzig, Germany**
Invited Talk with Marco Büchler at CLARIN-D Fach-AG Workshop 2015: 'eTRAP: electronic Text Re-use Acquisition Project'
- Dec. 6, 2013 **German Archeological Institute, Berlin, Germany**
Invited Talk at Digital Classicist Seminar 'Dynamic Syllabi for Historical Language Instruction'

Visited Workshops & Trainings

- Sept.-Nov. 2016 **Introduction to Natural Language Processing, The University of Michigan, USA, online**
Coursera Online Course, taught by Dragomir R. Radev, intermediate level (95%)
- 2015/2016 **eTRAP team coaching, University of Göttingen, Germany**
Understanding personalities, leadership, decision making, stress management in teams
- Nov. 9-10 2015 **Experimental Methods, University of Göttingen, Germany**
An introduction to experimental methods and design for social studies and humanities: from theory to practice
- May 19-21 2014 **Andrew W. Mellon Workshop on Canonical Citation, Furman University, SC, USA**
Philological principles of canonical citations and technologies for implementing those principles
- July 23-31, 2012 **European Summer University on Culture & Technology (ESU), Leipzig, Germany**
Participating workshop on stylometry

Research Visits & Collaborations

- Nov. 2017 **Research Stay at the Computational Linguistics Research Group of Jena University, Germany**
Feb. 2019 Collaboration on a measure for paraphrasticity and machine translation
- May 2017 **Research Visit, Centre for Linguistic Theory & Studies in Probability, University of Gothenburg, Sweden**
Follow-up collaboration of the EMNLP paper on measuring modification in Latin and Ancient Greek

Teaching Experiences

I spent the large majority of my academic career in research groups without teaching obligations, such as the research group of Marco Büchler in which I conducted my PhD research. However, whenever there was a possibility to assist in teaching duties, I enjoyed it. In addition, I supervised an interdisciplinary student project consisting of a programming part and a paper (published at DATECH 2017). I also supervised a small number of final thesis (see below). Throughout these activities, I obtained valuable inter-disciplinary experiences interacting with two very different research fields: Computer Science and Humanities.

- Since summer 2022 **Lecturer, Ruhr University Bochum, Germany**
Text Similarity Measures and their Application in Computational Humanities
- Since winter 21/22 **Lecturer, Ruhr University Bochum, Germany**
Computational Humanities Methods for Historical Texts
- June 18, 2018 **Substitute Lecturer, Leibniz Institute for European History, Mainz, Germany**
Gave a lecture on similarity measures in the course 'Natural Language Processing' substituting the main course lecturer
- Summer 2017 **Co-Supervisor of a Master's Thesis, the Faculty of Arts, University of Groningen, Netherlands**
Master's Thesis in Digital Humanities on the Evaluation of Topic Models for Arabic
co-supervised with Johan Bos and Barbara Plank
- July 11, 2016 **Tutorial Lecturer, Digital Humanities Conference, Krakow, Poland**
Taught tutorial with colleagues within our full-day workshop 'Historical Text Reuse Tutorial'
- 2015/2016 **Teaching Assistant, University of Göttingen, Germany**

Co-supervised the course 'From written manuscripts to big data: Cultural Heritage Programming' (M. Inf.1904)
The inter-disciplinary project consisted of a programming part and a paper (published at DATECH 2017)

Oct. 21, 2015

Tutorial Lecturer, Digital Humanities Conference, Tartu, Estonia

Taught tutorial with colleagues within our full-day workshop 'Historical Text Reuse'
